Cash Out is a feature that gives you the opportunity to close out your active bet the outcome is decided. This allows you to secure part of your winnings or cut your losses as the odds change in a market. [Betfair](#) offers a Cash Out feature on many markets, including football, tennis, and horse racing. You can use Cash Out to secure a profit or limit your losses before the event has finished. The Cash Out price is determined by the current odds and the probability of the outcome. You can usually find the Cash Out option in the bet slip or the market page. It's important to note that Cash Out is not available for all bets or markets. For example, it's not available for bets that are already settled or for bets that are part of a promotion. You should always check the terms and conditions of the bet to see if Cash Out is available. If you're looking for a way to manage your bets, Cash Out is a useful feature to know about. It gives you more control over your bets and can help you to maximize your profits or minimize your losses. So, if you're a bettor, it's worth looking into Cash Out and seeing how it can help you to manage your bets better.
