2 player games are a popular category of unblocked games at Friv. As compared to single-player games, where you compete against a PC opponent, these games can be played by two or more players and they work on a wide range of devices. You can play these games on your PC, smartphone, or tablet. Some of the most popular 2 player games include Chess, Checkers, and Go. Other than that, you can also play some logic games and puzzle games, if you like the cooperative mode. Some of the more complex 2 player games can also be played by a higher number of players. For example, you can play a 2 player game with 4 players. This is a great way to enjoy a game with friends.
