<p><p><strong>What is the relationship between the number of p  
aylines and the cost to play a slot game?</strong></p></p>  
<p><p>The number &#127803; of paylines available in a game is one o  
f the most important features of a slot machine. If a game &#127803; has 40 lin  
es and one credit per line, then the base bet is 40 credits. However, if you pla  
ce a &#127803; dollar bet on a five-line slot at 20 cents per payline, the payo  
ut is higher.</p></p>
